

CAPKOLD® COOK-CHILL SYSTEMS

MANUAL FILLING RING STAND MODEL CKRS

CapKold® Model CKRS manual filling ring stand CKRS all stainless steel, adjustable height, open ring type support stand designed to facilitate manual filling of flexible plastic casings with hot food product.

STANDARD FEATURES:

- 8" X 15" 10 gauge stainless steel base plate
- 5 1/2" Inside diameter 1/2" thick, open front, casing support ring
- Telescoping vertical support with thumb screw to adjust height between 17-30" (To accommodate different casing lengths and product fill quantities)
- Weight 7.5 pounds
- Only works with 10" casings

NOTES:

- When used, the Ring Stand must be positioned on a flat, sanitary work surface, at a convenient work height that facilitates safe and easy manual filling of multiple casings
- Ring Stand can be set inside a clean, flat bottom (solid) steamer or bake pan, to catch spills while filling casings
