

POWER PREP SYSTEM

Power Prep — removes harmful contaminants from produce and delivers greater food safety and shelf life.

How your produce is prepped affects which model you should choose. Units can be built as pre-configured or customized systems that fit any space, including both L- and U-shaped configurations. Exclusive weld-free mechanical field joint available for an easy and economical installation solution where field welding is required but not feasible or preferred.

CHOOSE A MODEL BASED ON YOUR FOOD AND PREP NEEDS.

Models	Intro	Advanced	Unlimited
Food Needs	Washes Uncut / Unpeeled Produce	Washes Uncut / Unpeeled and Cut / Unpeeled Produce	Washes Uncut / Unpeeled, Cut / Unpeeled, and Cut / Peeled Produce Thaws Frozen Bagged Product, Seafood & Proteins
