

# POWER SOAK VS. MANUAL 3-BAY SINK

Power Soak — a continuous motion pot, pan and sheet pan washing system that delivers a consistent clean, improved sanitation, and a more efficient workforce — replaces standard 3-compartment sinks.

*Replace Standard  
3-Bay Sinks!*

Is your pot & pan area a pain point in your operation? Tired of manning the manual 3 Bay Sink 100% of the time? Is it hard to find & keep pot washers?

---

Easy to operate — anyone can use it

Agitating wash action dramatically reduces any hand scrubbing of pots and pans

Unlike a manual 3 Bay Sink, it pays for itself

Visit [www.unifiedbrands.net/products/power-soak](http://www.unifiedbrands.net/products/power-soak) to view our system Configurator or a Labor ROI Calculator.

<b>Available Options &amp; Accessories</b>	Consult factory

# Maximum cleaning power.

Our patented Parallel Wash System generates a natural scouring, high-turbulence wave action that continuously rotates wares, removing baked-on food soil to virtually eliminate hand scrubbing.
